

The acquisition of the islands by the United States has been the subject of unsuccessful diplomatic negotiations since the civil war.

While Danish is the official language of the islands, English is quite generally spoken.

If Denmark decides to part with the islands there will remain to her only two colonial possessions—Greenland and Iceland which have an aggregate area more than five times as large as the mother country with only one-twenty-seventh the population. The 138 square miles of Denmark's West Indian territory sus-

Men of Newark

DR. DAVID M. SMITH OF EAST MAIN STREET, ONE OF NEWARK'S leading physicians and surgeons, was born on a farm near Cadiz, O., and was educated in the rural schools of that district. For several years following his graduation from the high school at Cadiz, Dr. Smith taught one of the rural schools, and later entered the Cincinnati University. After graduating from the Cincinnati Medical school, he served his internship at a Cincinnati hospital.

Dr. Smith came to this city about 30 years ago and engaged in the practice of medicine and surgery. For a number of years he was physician for the Baltimore and Ohio Railroad company and the Ohio Electric Railway company. Since coming to Newark Dr. Smith has been very active in every movement pertaining to the welfare of the city and also in the Red Cross Society, of which organization he is a member. Fraternally he is affiliated with the Newark B. P. O. Elks lodge.

22 DIE

(Continued from Page 1.)

stepson of Van Duzen, taking the lead. They reached the air lock and through the bull's eye could see four men of the Van Duzen party lying inside.

The explosion of gas occurred about a hundred feet from the crib in the new tunnel which will connect with the big filtration plant recently erected on the west side.

Mayor Davis and Chief of Police W. S. owe went to the scene of the horror in a tub early today.

The construction job on which the loss of life occurred is being done by the city with direct labor. It consists in building a tunnel from the waterworks intake crib, known as crib number five, to the new filtration plant being built at West 55th street. This tunnel will carry water to the filter plant, now nearing completion, which will filter the water supply of what is called the "west side" section of the city. Crib number five is five miles from shore. The tunnel has been constructed between the shore and crib number 4, which is 1-1/2 miles from shore.

The section on which work is being done is between cribs 4 and 5. Fifteen hundred feet remains to be completed. The men who were first trapped were working 1700 feet below the shore from Crib No. 5. The lake at crib 5 is seventy feet deep.

The tunnel is fifty feet under the bottom of the lake and ten feet in diameter. An elevator shaft leads from crib 5 to the tunnel entrance.

Mayor Davis issued a statement at noon in which he said:

"The construction of the water works tunnel was begun under the previous administration and the supervision has been in charge of men selected by that administration. They have been supplied with all the equipment they have asked for. I suppose they had all they needed. An investigation into the entire disaster will start Wednesday with Law Director W. S. Fitzgerald in charge. This inquiry will go to the bottom of the affair and fix any responsibility for the tragedy and for lack of rescue apparatus. Meanwhile everything possible will be done to care for the families of the victims."

The previous administration to which the mayor referred was that headed by Newton D. Baker, now secretary of war.

In addition to the city probe there will be three other investigations of the horror by the federal state and county authorities. United States mine inspectors telegraphed city officials today they would arrive tomorrow to conduct an inquiry into the disaster. The state industrial commission also sent word that it would send representatives here for an inquiry while Coroner P. J. Berne announced that his inquest into the deaths of victims would take the form of a county probe.

TRAINED RESCUERS FROM PITTSBURGH GO TO CLEVELAND TODAY

(Associated Press Telegram) Pittsburgh, July 25.—A party of trained rescuers from the Pittsburgh station of the bureau of mines left here today for Cleveland to assist in relief work in the waterworks tunnel. They took with them the customary equipment of mine rescue apparatus. H. M. Wolfelin, engineer in charge of this division, ordered the mine rescue car with its entire crew to hurry from Barnesboro, Pa., to Cleveland with all possible speed. There were six engineers in the party which left here.

Thomas Farrell, director of public utilities, sent a telegram today to the governor asking for relief corps at Columbus, asking for rescue crews with helmets to be sent here at once.

SPECIAL

(Continued from Page 1.) number of rabid propagandists, whose operations are not confined to this city, but extend all over the United States. I am satisfied that a number of persons were involved in Saturday's tragedy, members of one of the several secret organizations that have for their purpose the destruction of all government."

The funerals of four of the victims of the explosion were held today.

DAUGHTER ALRIGHT; SUICIDE NOTE SENT MOTHER WAS A HOAX.

(Associated Press Telegram) Cincinnati, July 25.—"Mamma don't worry, I'm all right—Maggie." That was the text of a telegram received early today by Mrs. Dan Evers of this city from her daughter, Mrs. Wilbur Greenwood of Dayton, O., refuting the intimation that she was the author of a suicide note found at the union station at Dayton Monday night. The note addressed to Mrs. Evers was signed "Maggie." Mrs. Evers had said before she heard from her daughter that she believed the note was a hoax.

DESPERATE

MEASURES TO GET PROGRESSIVES IN NEW YORK TO IN-DORSE HUGHES.

Petitions Will be Circulated — National Conference of Moose Will be Held This Week.

(Associated Press Telegram)

New York, July 25.—Progressive party leaders here said that in preparation for the Progressive national meeting in Chicago on August 5, a conference of leaders from all parts of the country would be held in an eastern city some day this week. The date and place have not been definitely selected.

Bainbridge Colby, who led the faction opposed to a Progressive endorsement of Mr. Hughes' nomination in New York state, said that he would attend the Chicago meeting and that prior to that affair the New York state Progressive leaders of the anti-Perkins factions would consult with leaders from other states who held similar views.

It was announced today that the Progressive leaders who failed to put through the program for endorsement of the Republican candidate at the Syracuse conference expected to circulate a petition endorsing Mr. Hughes' candidacy among the enrolled Progressives throughout New York state.

CLOSE CONTEST IN OREGON FOR SENATOR IN G. O. P. PRIMARY.

(Associated Press Telegram)

Portland, Me., July 25.—The contest between Former Governor Bert M. Fernald and Congressman Frank E. Guernsey for U. S. senator in yesterday's primary was so close that the result was not definitely determined early today. With a slightly more than two-thirds of the state heard from Fernald had a lead of 600 votes. A very light vote was cast by the Democrats for Kenneth M. Sills, dean of Bowdoin college, who was unopposed for the nomination.

PRISONER KILLS MATRON TRYING TO MAKE ESCAPE

(Associated Press Telegram)

Cincinnati, July 25.—Miss Anna Hart, matron at the county jail who was struck with an iron bar in the hands of a prisoner who attempted to escape from the institution late yesterday, died at the general hospital here today.

Reuben Ellis, who was awaiting trial on a burglary charge confessed according to the police to having torn the iron bar from his bed and wielding it upon Miss Hart with the intention of getting the keys to the women's ward of the jail and effecting an escape through that avenue.

The police believe that at least two other prisoners knew that Miss Hart was to have been attacked.

The negro Ellis in a later statement to the police claimed that two other negroes and himself concocted the scheme to escape and they played cards to see which would strike down the matron. Ellis said that he was the loser in the game.

One of the other negroes, Arthur Brown, was present when Ellis made this statement and Brown immediately denied it. He said that Ellis had told him of the plan to escape but that he had had no part in it.

SMOKE SMELLED BY A BLIND MAN PREVENTED FIRE

(Associated Press Telegram)

Springfield, O., July 25.—A blind man who was a guest in the Metropolitan hotel, smelling smoke, probably prevented a bad fire early Tuesday. The hotel was damaged to the extent of \$500 and the plant of the Wadsworth Engraving Co. suffered damage to the extent of \$2000. The fire started in the engraving plant and the alarm was given by the blind man.

AMERICAN DETAINED BUT SOON RELEASED.

(Associated Press Telegram)

London, July 25.—S. S. McClure, the American publisher, was detained on board the American liner Philadelphia when the vessel arrived at Liverpool yesterday but was released this afternoon on representations made to the British authorities by the American embassy.

PRESIDENT WILL STAY AT CAPITAL.

(Associated Press Telegram)

Washington, July 25.—President Wilson has definitely decided to remain in Washington no matter how late congress is in session, and will postpone notification of his renomination until after adjournment.

BODY FOUND IN RIVER.

(Associated Press Telegram)

Cincinnati, July 25.—Employees of the Island Creek Coal company today found the body of a well dressed man in the Ohio river near Skilton. They took the corpse ashore and notified Coroner Fortmeyer. He ordered it removed to the morgue. The body evidently had been in the water many days.

FARMER KILLED BY TRAIN.

(Associated Press Telegram)

Akron, O., July 25.—Horace B. Everhart, 58, single, farmer, was instantly killed when struck by a R. and O. passenger train at the Rettes Corners crossing, northeast of here. He was driving a team to mow a neighbor's hay field.

EXTRA STEEL DIVIDEND.

(Associated Press Telegram)

New York, July 25.—The United States Steel corporation today declared an extra dividend of 1 per cent on its common stock in addition to the regular quarterly dividend of 1-1/4 per cent.

IRELAND

(Continued from Page 1.) rection has become so widespread according to all reports that the nationalists have lost the confidence of their constituents and probably will be repudiated if they stood for reelection today.

The English newspapers of all factions blame the cabinet for its management of the Irish question and regret the failure of a compromise, the only conspicuous exception being the Morning Post, which consistently has demanded the government of Ireland by a strong hand and no home rule. John Redmond, leader of the Irish nationalists, in his speech last night said:

"I will not bandy words about a breach of faith or the violation of a solemn agreement but I want the government clearly to understand and that they have entered upon a course which is bound to increase Irish suspicion of the good faith of British statesmen. To inflame feeling in Ireland would do serious mischief to those high imperial interests which we are told necessitated a provisional settlement of this question. Some casual fatality seems to dog the footsteps of this government in all their dealings with Ireland. Every step taken by them since the coalition was formed and especially since the unfortunate outbreak in Dublin has been lamentable. They have disregarded every advice we have tendered them and having got us to induce our people to make a tremendous sacrifice and to agree to the temporary exclusion of six Ulster counties they threw this agreement to the winds and have taken the surest means to accentuate every possible danger and difficulty in the Irish situation."

DIGEST

(Continued from Page 1.) field training, overnight marches, in short, everything they could learn on the border—could be given them," said one officer.

Some officers are fearful of wholesale desertions from camp of some official intimation is not soon forthcoming as to about when the word "go" may be expected—it being immaterial to many of the men, they say, whether that word is to "go south" or "go home."

Many of these men in camp are neglecting business and civil pursuits and they can see nothing in the present state of affairs which justifies their being held to common "soldiering" and as in the civil war following the surrender of Appamattox, it is not unlikely many of them will take the matter in their own hands and return home," said the officer.

"The camp is soon to see its first general court martial, commanders announced today. There are at least five men now in custody at Camp Willis, charged with desertion, who have been returned either by civil or military authorities. It will be up to a court of from five to thirteen officers, appointed by central department army headquarters in Chicago, to decide whether they deserted or were merely "absent without leave."

Much-needed-for supplies and equipment of various kinds failed to arrive at the camp today. Col. William H. Duffy, camp quartermaster, said payment of quartermasters for their services in June will begin "as soon as the company commanders file their payrolls—probably this afternoon."

Major Mearns said no word had been received from Chicago and that the situation at camp "is unchanged."

Announcement was made at headquarters today that Second Lieutenant C. Pfau of Cincinnati, had been commissioned a captain and assigned to the quartermaster's corps at camp. Captain Pfau is assigned to the First regiment, which was not called into camp.

CHURCH WILL BUY OFFICER A MOUNT.

(Associated Press Telegram)

Toledo, July 25.—Major Arthur Hill of Toledo, said to be the only cavalry officer at Camp Willis without a mount, will have to hoof it over the camp grounds much longer. A moonlight excursion is to be given tomorrow night by a church's Spanish war veterans, it is announced, for the benefit of the soldiers. Proceeds will be used to purchase a mount for Major Hill. What is left will be turned over to the soldiers' relief fund to aid dependent families.

READY TO MARCH AT A MOMENT'S NOTICE VETS TELL PRESIDENT.

(Associated Press Telegram)

Sandusky, July 25.—"We are ready to march on a moment's notice," was the substance of a telegram sent to President Wilson last night by the Ohio Spanish-American war veterans, in annual convention here. The convention opened yesterday with a parade followed by a patriotic meeting, in which school children and citizens participated with the veterans. James T. Begg, superintendent of schools, was the principal speaker.

Indoor Life Makes Fat

GAS COMPANY SUBMITS REPLY TO MR. KNAUBER

Try Oil of Kerein to Keep Weight Down, or to Reduce Superfluous Fat.

People who are confined within doors and who are deprived of fresh, invigorating air and exercise must take precaution to guard against over-stoutness, as fat acquired by indoor life is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air weakens the oxygen-carrying power of the blood, so that it is unable to produce strong muscles and vitality and the formation of unsightly and unhealthy fat is the result.

If you are 15 or 20 pounds above normal weight you are daily drawing on your reserve strength and are constantly lowering your vitality by carrying this excess burden. Any persons who are satisfied in their own mind that they are too stout are advised to go to W. A. Evans, Evans Drug Store or a good druggist and get a box of oil of kerein capsules, and take one just before retiring at night.

Even a few days treatment has been reported to show a noticeable reduction in weight. Improved digestion and a return to the old energy; footsteps become lighter and the skin less flabby in appearance as superfluous fat disappears. Oil of kerein is inexpensive, cannot injure, and helps the digestion. Any person who wants to reduce 15 or 20 pounds is advised to give this treatment a trial.

LET ADVOCATE FOLLOW YOU

Before leaving for your summer vacation telephone or otherwise send word to the Advocate and then this newspaper will follow you. Address may be changed as often as desired. No extra charge. Keep in touch with the world's news and your home news by having The Advocate reach you every day. Auto Phone No. 1236 or 1333. Bell Phone Main 59. If you should forget to order the paper before you leave send a postal later and your order will have immediate attention.

Banishes Nervousness

For all affections of the nervous system, constipation, loss of appetite, lack of confidence, trembling, kidney or liver complaints, sleeplessness, exhausted vitality or weakness of any kind, get a box of Wendell's Ambition Pills today on the money back plan. Mail orders filled promptly by The Wendell Pharmaceutical Company, Inc., Syracuse, New York.

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician. If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bowels.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and refreshing the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and refreshes the liver, keeping you feeling fit day in and day out.

For all questions call T. Evans' drug store.

James Whitcomb Riley's Poem On "Abe Martin"

James Whitcomb Riley, the genial Hoosier poet, who passed away last Saturday night, dedicated to Kin Hubbard's humorous character "Abe Martin" which appears daily in The Advocate, the following characteristic verses:

TO KIN HUBBARD, THE FATHER OF HIS COUNTRYMAN, ABE MARTIN.
ABE MARTIN—dad-burn his old picture—
Pretends he's a Brown County fixture—
A kind of comical mixture
Of hog-sense and no sense at all!
His mouth, like his pipe, 's allus goin',
And his thoughts, like his whiskers, is flowin'—
And what he don't know ain't worth knowin'—
From Genesis clean to baseball!

The author, Kin Hubbard, 's so keardless He draws Abe 'most eyeless and careless, But he's never yit pictured him careless—
Er with fun 'at he tried to conceal—
Whuther onto the fence or clean over A-roothin' up lagweed or clover,
Skeert stiff at some likamblin' or "klover"—
Er new fangled automobile!

It's a purty steep climate old Brown's in,
And the rains there his ducks nearly drowns in,
The old man hisself wades his rounds in—
As calm and serene, mighty night,
As the old handsaw hawk, er the mottled Mitchell-cow, er the old rooster watted.
Like the mumps had him 'most so well throtled—
That it wuz a pleasure to di.

But heat of 'em all's the foot-bricks 'at Abe don't see at all, and 'it minks 'at Both me and you lays back and shakes 'at—
His cochie, miraculous cracks,
Which makes him—clean back of the power—
Of genius itself in its flower—
This Notable Man of the Hour—
Abe Martin, the Joker on Facts.

—James Whitcomb Riley

POET'S FUNERAL WAS SIMPLE IN APPOINTMENTS

(ASSOCIATED PRESS TELEGRAM)
Indianapolis, July 25.—The funeral of James Whitcomb Riley, the Indiana poet, was held at his home on Lockerbie street today. The simple services were attended by relatives and a few of his most intimate friends only. The funeral was private, but the placing of the body in a vault in Crown Hill cemetery here was public. Large crowds assembled near the vault to see the last ceremonies.

The body was placed in the vault pending arrangements for its final disposition. The vault was decorated with flowers of bright colors which the poet liked best. Beautiful rugs were spread on the floor. A short prayer at the cemetery concluded the services.

Weaver Boy is Located Today at Buckeye Lake

Charles Weaver, 12, whose absence from home caused considerable worry to his parents, J. L. Weaver, 56 Dewey avenue, was located this morning at Buckeye Lake, where some one who had read in the Advocate a story of the boy's disappearance. Police headquarters was advised of the boy's presence at the lake and Probation Officer Dwyer brought the boy to the city and took him to his home where there was a joyous reunion between the parents and the youngster.

Weaver left home Sunday morning to carry papers. He failed to return at noon, the usual time, and when he failed to put in an appearance Sunday night, his parents became alarmed and asked police aid in finding the boy.

When Officer Dwyer arrived at the lake, the lad was shinning shoes at a stand operated by William Barry who operates a boat hivery at the park. When the officer approached the lad was "fussed" for a few minutes but soon regained his composure and told the officer freely of his jaunt.

He had secured the position with Mr. Barry after his fund of money was exhausted, telling Mr. Barry that he was "out for a little trip." He admitted that his money was running low and he wanted to replenish his purse. After reading the paper last night, Mr. Barry immediately recognized the lad from the description given and notified the police.

The boy will be brought before Judge Hunter Wednesday and be given an opportunity to explain his actions.

THORNVILLE

The Railroads

The first movement of troops from Camp Willis, Columbus, was made this morning, when the Baltimore & Ohio railroad company, handling six coaches, bearing 125 soldiers from Columbus to St. Louis, Texas, and left the capital city at 8 a. m. this morning.

The local office of the company were notified of this morning of the movement but nothing has been learned since of its more distant movements from Camp Willis.

The coaches which were being assembled here for 1909 transportation are being sent away and it is believed that other units of the B. & O. system which have been a shortage of coaches. This was caused by Cox's success in securing permission to transport the soldiers from Camp Willis to the border in tourist cars. Only a few of the 150 cars assembled at this point remain here and as soon as they are cleared they will be shipped to other divisions.

Safety Meeting.

The division safety committee met at the local Baltimore & Ohio railroad offices for its regular

Excursion to Columbus.

The Socialist Vote.

Enthusiastic predictions based on previous election results are being made as to the growth of the Socialist vote at the November election. It is quite possible that these predictions will be realized. There are a great many people who are swayed by sentimental and dreamy ideals.

The Socialists are voluble talkers and can rattle off statistics by the yard. They can point to plenty of flaws in the present social structure, and can have no difficulty in finding injustice and suffering. They find instances both in this country and Europe where government enterprises have seemed on the face of it to work out a profit for the people.

Yet a little examination usually shows that you can prove anything on earth by statistics. The low fares on foreign electric roads owned by municipalities do not look so low when you figure that those roads are able to hire labor and buy materials at low prices. Also they operate in crowded towns and do not carry people long distances and give free transfers as in this country. Also in those countries politics is divorced more from public business. In our country a man would have to belong to the right political faction to get a job on a government enterprise. That does not promote efficiency.

A Socialist orator may quote statistics by the mile, but if his ideas go against plain facts of every day life, he wins few votes from practical men. The common sense citizen looks around him and sees the government building \$100,000 post-offices, involving interest charges and upkeep of \$5000 to \$10,000 annually, in towns where a \$1500 annual rental would fill all needs.

As he sees the waste and favoritism manifest in government work, he is little inclined toward socialist government enterprises, until the politicians learn the A B C's of business efficiency.

The Teacher's Grind.

This is the time of year when the school teacher does not feel so young as she used to be, as the old song says. She has been keyed up to concert pitch for ten months, and school strain is severe.

This does not mean the fluffy girl who is merely doing the three R's until an eligible husband turns up. Rather it is the teacher who has settled down into faithful persistent work year after year in the chosen profession which she proposes to follow until incapacitated.

Teaching school is not merely hearing recitations and marking papers. It is a problem in personal executive management, in control of 40 or 50 little individualities, each with his own determined and contrary will.

Sometimes the more devoted a

Daily History Class—July 25.
1780—Henry Knox, American general, secretary of war under Washington, born; died 1806.
1863—General Sam Houston, Texas patriot, at one time governor of Tennessee and later of Texas, died; born 1793.
1915—American ship Leelanaw, from Archangel, Russia, for Belfast, Ireland, sunk by a German submarine after due warning of Scotland. Germans rescued the crew.

ASTRONOMICAL EVENTS.
Planets rise, p. m. Venus, Mars; a. m. Saturn, Jupiter, Mercury. About 9 p. m. constellation Cassiopeia appears above the Milky way.

The Advocate's Melting Pot

From brightening fields of ether fair
Child of the sun, reticent summer
comes.
In pride of youth, and felt through
nature's depth.
He comes attended by the sultry hours,
And ever fanning breezes on his way.
While, from his ardent look, the turn-
ing stroke
Averts her bashful face; and earth and
skies,
All smiling, to his hot dominion
leaves.

Give-er-off!
My butcher brags of honesty,
But for his gore I thirst.
For when I ask for sausage, he
Will hand me out his worst.
—Luke McLuke.

He claims to have a nature bland,
But oh, it makes me shud-
der when I buy a heart, his hand
He bathes in my heart's blood
leaves.

Ill, Ho, Hum.
Binks went up in a big ship,
And said with a big cane,
When asked how he enjoyed the trip,
"I had a high old time!"

Did You Know
That today, the twenty-fifth of
July, ushers in the dog-days? The
ancient superstition, originating in
Egypt, was that when Sirius, the
dog-star, rose with the sun, their
combined influence was productive
of pestilential heat and baneful in-
fluences. The dog-days of the
Egyptians extended from the 4th of
August to the 14th of September.
Anciently, dog-days were the forty
days between July 3rd and August
11th. The rising of Sirius, however,
has been so accelerated by the pre-
cession of the equinoxes during the
passage of more than 2000 years,
that the corresponding conditions
for the ancient dog-days would not
include them between the 3rd of
July and the 11th of August. Our
modern dog-days have no connection
with the rising of Sirius, because no
permanent data can be based upon
stars whose positions are always
changed by the falling back of the
equinoxes.

Aunt Calline Says:
Zeke an' I has
planned a ocean
trip. We've been
savin' an' plannin'
fer years an' now
we aim to go right
soon. So says I
to Zeke, "We'll
go up to Newark
an' git some prop-
er close fer I jest
won't go unless
I'm dressed right,
an' I see by our
Advocate that they
are sellin' things
one-fourth off at
the first o' the week an' Zeke he
ketches a sight o' some close on one
o' these yer figgers an' says he:
"One-fourth off, eh? Seems to me
it's more'n that," he says. "Looks
like it's about all off. Well, we
went on in an' I commenced to look
at close that to me looked pretty
nigh indecent. Jest then there
come a-trippin' down the aisle a girl
which she was tall an' the same
shape all the way up. She had one
o' these new style close on that
showed how little upholsterin' she
had an' Zeke he grabbed me by the
arm an' says he: "Calline, if you git
anything like that," he says, "I'll
sue fer a divorce." Now I don't up-
hold in a man a-dicatin' overmuch
so I paid no attention to him but
says very firm to the girl a-waitin'
on me: "Show me some o' your
dancin' dresses," I says, "something
right short an' fluffly." An' the girl
she sort o' sagged down onto the
counter an' Zeke his mouth jest
opened an' he ferget to shut it.
Which I am 55 years old an' weigh
200 pounds an' am that crippled up
with rheumatiz I can jest bear walk.
But Zeke he needed a lesson.

A Gallant Sport.
Old Captain Bowline usually
spends his time pottering about in
a little sailing boat. Recently he
was chatting with a friend on the
subject of his hobby.
"I think I'll get a motorboat next
summer," said he.
"Whatever for?" asked his friend.
"I thought you were so keen on sail-
ing."
"Well, I am, but motorboats are so
much more exciting," replied the
hardy old chap. "In a sailing boat
you can only drown while in the
other you can be drowned, burned to
a cinder by a petrol explosion or
even starved to death if your engine
breaks down 10 miles from land."

The Limit.
A prudish man, he it confessed,
Is Mr. Benny Bliss,
He will not waste a soul name, best
He sees the Rules Key.
—Columbia State.

A prudish lady, I'll be bound,
Is Miss Charlissa Lewis,
She never goes in ball games,
For fear she'll see a squeeze.
—Nashville Tennessean.

Another prudish one you'll note,
Is Miss Amanda Spier,
She never goes on a boat
For fear "tall rig" in Houston Post

And much more prudish still than
these—
Is Ebenezer Chase,
He will not use parentheses
His phrases to embrace.

Too Many Counties.
(Philadelphia Record.)
Although Georgia is one of the 13
original states, and thus might be
assumed to be of an age that would
indicate sobriety and sanity in legis-
lation, it clings to one form of piec-
eme lawmaking that most of its
colonial sisters have long since out-
grown. This is the formation of new
counties. For some reason not
entirely clear Southern States have
a great weakness for the county
form of government, and abound in
these political subdivisions. Thus
Georgia, not a large State either in
area or population, has 152 counties.
Virginia 120, North Carolina
100, Kentucky 120, Missouri 115,
etc. Compare this with Pennsylvania's
67 and New York's 62. The last
county formed in this state was
Lackawanna, which was organized in
1878, and the next preceding that
Cameron, which came into being in
1860. In the last century only 17
new counties have been formed in
Pennsylvania. The other 50 were
organized at various dates from 1682
to 1814.

This Northern permanence of
county government contrasts curi-
ously with the Southern passion for
needlessly multiplying these political
divisions. The natural conse-
quence of this mania is poor admin-
istration at high expense. Every
county must have its court house,
however poor, and there must be all
the officials, sheriffs, tax collectors,
etc., inseparable from the county
system. Taxes pile up, and schools
and roads suffer. Georgia already
has more counties than any other
State except Texas, which is more
than four times as big, and still its
politicians are planning to create
more. Newspapers and taxpayers are
protesting against this madness. A
correspondent of the Atlanta Consti-
tution makes a novel point when he
suggests a relation between Georgia's
excessive number of counties and the
numerous lynchings that have
brought discredit upon the state. He
says:

"Why is there an excessive num-
ber of lynchings in Georgia? It is
my opinion that the cause is largely
to be found in the likewise excessive
number of counties into which
Georgia is divided as compared with
the other States of the Union. The

"Gerrymander."
It was an early American news-
paper editor who made the word
"gerrymander." He was Major Ben-
jamin Russell of the Massachusetts
Cintinel, which he and his partner
Ward founded in 1814. He was a
fighting man, and the Cintinel was
no tame journal, but whacked
blithely and cared not where the
clips fell, says the editor of The
Mercenthaler Lines O'Type News.

In 1811 the Massachusetts Legis-
lature under Governor Gerry made
a neat new division of districts for
Congress elections. The most insid-
ious and ingenious arrangement of
districts was the one for the County
of Essex. With great glee Russell
took a map of the country and col-
ored the districts to show the hein-
ousness of the device.

Gilbert Stewart, the famous paint-
er, saw the map and suggested that
the apportionment looked like a rep-
tile. He made a few marks on it
with his pencil and said: "There!
It's a salamander!"

Russell jumped up, laughing,
"Salamander!" he shouted, looking
at the hideous figure: "Gerrymand-
er!"

An engraving of the "gerrymand-
er" was made and hawked through-
out the State. This was born what

Perils of Peace.
(Boston Globe.)
Peace is the dream of the men in
the trenches. They look to a time
when they will have the dirty, dan-
gerous monotony of war and go
home to human living. Peace is al-
so the dream of the people at home.
They want a world without bread
cards or threats of bread cards, a
world without the appalling regular-
ity of sudden death, tiding on which
are communicated from the War Of-
fice.

Peace is also a nightmare. Those
who rule the fighting nations have
learned how the world goes round
in war time and are afraid it might
take some strange turn were the
fighting to stop.

British publications frequently ex-
hibit a dread of peace. Readers of
them are reminded that "peace may
come upon us suddenly," that it may
"take us at a disadvantage," and
that it has its defeats as well as
its victories. For months the announce-
ment has been repeated: "It's not the time
to talk about peace terms!"

In Germany the same dread of
peace is to be found. One faction
has taken to arguing against peace
on the ground that the President of
the United States might have a hand
in it, as Mr. Roosevelt had in the
peace made at Portsmouth, in which
arrangement "Japan was cheated of
the fruits of victory."

The way of the peacemaker is
hard because those who rule do not
know what will happen to them
when fighting stops.

New Jersey has reformed a mur-
derer by the use of the knife, but
the surest way is by the use of
electricity.—Rochester Herald.

The present is the point where
we stand and watch the future dis-
solve into the past.—Pack.

**REDUCE THE QUALITY
OR
RAISE THE PRICE?**

As was thoroughly explained in our recent announcement, due to the tremendous increase in the cost of raw materials of all kinds, this institution has been confronted with the alternative of reducing the standard of quality or raising the price of its product.

We have met that issue fairly and squarely by deciding to raise the price. We only want to produce clothes of such a standard that we will be proud to have our label in them. After having held all these years to a high ideal of quality at one price we cannot see our way clear to reduce that quality.

For this reason, beginning September 1st, our price will be—

ESTABLISHED 1902
ALL SUITS \$17 NO MORE
ALL OVERCOATS \$17 NO LESS
MADE TO ORDER MADE TO FIT

Out of fairness to our customers we are making this announcement in advance, and we will continue tailoring clothes at our old price of \$15, no more, no less, up to and including August 31st.

The United Woolen Mills Co.
W. A. HERSCH, President.
31 South Third Street

Election of President.

(New York Evening Post.)
"Woodrow Wilson was duly re-elected President today—on paper. The victory was won with the aid of Progressive votes, and Chairman Vance McCormick's genius for mathematics."

Mr. McCormick had already gone on record as having "enough Progressive votes to assure Mr. Wilson's election." Today at the National Democratic headquarters, the chairman went further and produced a table of figures to prove that he was right. Over against Colonel Roosevelt's endorsement of Charles E. Hughes, Mr. McCormick cites his irrefutable statistics. It will take only a very small slice of Bull Moose votes to turn the tide in Wilson's favor, he says:

This is the way he figures it out:
If 25 per cent of the 1912 Bull Moose vote in this State goes to President Wilson, New York will go Democratic. Similarly, Ohio will do the same thing with 20 per cent of the 1912 Progressive vote, New Jersey with 12 per cent, Nebraska with 18 per cent, Maine with 26 per cent, Illinois with 20 per cent, West Virginia with 27 per cent, Kansas with 26 per cent, Massachusetts with 45 per cent, and North Dakota with 44 per cent.

The chairman also pointed out that it was reasonable to expect at least that proportion of votes from the Progressive ranks in view of the existing situation. An added feature, he said, was the fact that President Wilson in 1912 was, practically speaking, unknown, but that today his name is a by-word in every household, and that there were many Democrats in 1912 who blindly followed Colonel Roosevelt, and they are surely to be found this year in the Democrat column. Mr. McCormick concluded that it was beyond the imagination of any one to think that President Wilson would lose.

Spirit of the Press
Don't Push!
Mr. Edison says there will be very little poverty in 100 years from now. Let us bear with patience our cross yet a little longer.—Philadelphia Inquirer.

Strike Settlement.
The strike of the New York garment workers has been settled, but the combined loss to both sides is estimated at \$50,000,000. What a pity they did not get together at the beginning. One could do so much with \$50,000,000 these vacation days.—Pittsburgh Gazette-Times.

James Whitcomb Riley.
With the passing of James Whitcomb Riley every one of us has lost a friend, for he was everybody's good friend, and he took it that everybody was his good friend, and that is why he enjoyed every hour of every day he lived. If there was one thing he desired more than another it was to be able to contribute something to the happiness of everyone of his friends.—Pittsburgh Gazette-Times.

Caseiment's Case.
The decision against Sir Roger Caseiment was to be expected. His one chance and hope lies in clemency, and the reports are that this will not be coming. If he is hanged, as now ordered, England will miss another opportunity for the exercise of tact and for the development of conciliation. This war is dreadful; grief is the home companion of almost every English family and expected where it has not arrived. This cannot but tend to harden hearts. But if he is executed, the act will some day be regretted.—Hartford Courant.

The Naval Program.
The United States Senate has voted—71 to 8—to add 157 vessels to the navy within three years, at a cost of \$588,000,000. Of this \$270,000,000 is to be spent next year. The house bill was far more modest, calling only for the building of 71 vessels at a proportionately reduced cost. The bill now goes to conference, where it is believed that the house will insist on its program.

The navy ought to be strong. On that point there is practically no difference of opinion among the people. But on the question of how strong the navy should be there are many differing opinions, most of which, being without a basis of information, are of little worth. There has been a disposition to leave that part of it to senators and members of congress, whose business it is to know, who have opportunity to know and who are charged with a very definite responsibility to the people. But here is a very radical difference of opinion among those very persons. What is the average layman to think?—Columbus Dispatch.

Pointed Paragraphs
The dime battleship fund now amounts to \$19,000, which is perhaps enough to buy the nails.—Columbus Dispatch.

The men who think the voyage of the Deutschland means the breaking of the Allies' blockade would believe that one swallow makes a summer.—Providence Journal.

A lot of people thought the colonel was the National Guard until they saw who it was that went to the border.—Savannah News.

In order to get hardened for the campaign Candidate Hughes is playing golf. He might also do something to thicken his epidermis.—Chicago News.

One more reason why Hughes should not be elected is Boies Penrose.—Charleston News and Courier.

If this friction keeps up Italy and Germany may get real cross at each other after awhile.—Kansas City Times.

America Has No Ally.
It is perfectly true that the United States has no allies. Its policy has always been to avoid entangling alliances. If it should get into a war it would have to take care of itself, without help from any other nation. To that extent Senator Lewis of Illi-

Republican Announcements

Personal

Mr. and Mrs. Fred Meyer of Jefferson street, have returned from Detroit. While gone they also visited Cedar Point, Put-in-Bay and Sandusky.

Mrs. William Scheffer and children are spending the week in Cambridge with Mrs. William Collins.

Miss Rose and Elizabeth Moran have returned to Cleveland, after visiting at their home in South Sixth street, for a couple of weeks.

Miss Gladys Beecher leaves tonight for New York, for a couple of weeks' visit with her sister, Mrs. Kenneth Farmer.

Norton Beecher of the Ohio Light & Power Company, has been transferred to Tiffin.

Mrs. Atta King and daughter Elizabeth, will visit Mr. and Mrs. Edward Merriam in Cleveland, for some time.

Miss Geneva Lowe of Linden avenue accompanied by Mrs. Lucille Hutson, of Sandusky, left today for an extended trip through West Virginia.

Dr. and Mrs. J. P. Shal and daughter Roberta have returned from a motor trip in the Blue Ridge mountains, having visited Mrs. Shal's mother, Mrs. Jessie Hatch at Asheville.

Stanley Boone of Cincinnati, is visiting his sister, Mrs. Frank Blair in Linden avenue.

Mr. and Mrs. Leo Heirholzer of Celina, O., have returned home after spending a few days with Mr. and Mrs. Irl Owens.

Dr. C. L. Wyeth and family left this morning on a motor trip to Pittsburgh, Philadelphia and Atlantic City.

Miss Dorothy Glenn of Columbus, is the guest of Miss Dorothy Edmiston, in Hudson avenue.

Miss Hazel Riley and Edwin Riley of Cheshireville, who were the guests of Mr. and Mrs. J. W. Davidson in Holliday street, left for their home, yesterday.

Miss Louise Peril has returned from a visit in Logan.

Mr. and Mrs. Nic Saver, who have been visiting in Lancaster and Logan, have been detained from returning to this city, because of the illness in the family of relatives in Lancaster.

Mrs. Harry Roekel and daughter, Margaret, of Zanesville, are the guests of Mr. and Mrs. William E. Miller in South Third street.

Mrs. Alma Webb of Connecticut, Ohio, is visiting at the home of her brother, Willis Boggs.

Lucille Hutson left last night via the Baltimore & Ohio lines for Weston, W. Va.

R. M. Hollinger, of Richmond, Va., has returned to his home after visiting friends in this city.

J. A. Snyder left this morning for Boston, Mass.

Henry Sauer, of Pittsburgh, Pa., is visiting his brother-in-law, William Sauer, 155 Cedar street, for a few days.

Mrs. Bernice Wingenter and sons, Kerman and Jack have returned to their home in West Church street after a three weeks' visit at Wheeling and Zanesville.

Mr. and Mrs. Arthur Soustin have returned to their home in Akron, after a week's visit with Mrs. Soustin's parents in Spring street.

Miss Elizabeth Schick is visiting her brother and sister at Akron for a month.

Thomas Watson has returned from Bucyrus after spending a few days in that city with relatives and friends.

Milady's Boudoir

Freckle Remedy.

Next to sunburn, many girls consider freckles the most disfiguring blemish, and yet I know several girls whose freckles give them a fascinating, tomboyish charm. These are only rare cases however, and most of us should try to prevent freckles from coming too thickly.

There is a freckle cream which has been tried and has not been found wanting in its quantities as a remedy for freckles. Thoroughly

Clogged Livers Make Tired, Nervous People

A Wineglassful of Tollo Water Before Breakfast Cleans Out the Bile and Gives Relief In Half An Hour

Thousands of tired, nervous, run-down people have been built up by drinking a wineglassful of Tollo Water every morning. It has the property of cleaning the liver and restoring it to normal activity.

Tollo Water is concentrated and bottled at Dawson Springs, the famous Kentucky health resort. Get a 15-cent bottle from any drug store and derive all its benefits in your own home.

Stop taking calomel and drugs that sicken, gripe and sicken. They are dangerous and their effect is only temporary. Tollo Water is nature's liver and bowel cleanser. It flushes and bathes the bowels and stomach in thirty minutes. Its action is mild and pleasant. It stimulates the liver to do its work and relieves constipation in a natural way.

When your liver is natural and unobstructed all the waste matter is carried out of your body and your food enters a clean, sweet stomach from which the nourishment is sent to every tired, nervous muscle. An occasional Tollo Water Liver bath will keep the bowels regular and the whole system strong and healthy.

cleanse the face and apply this cream generously to the skin, morning and night.

It contains the following ingredients: Petroleum, 1 ounce av.; Lanolin (anhydrous) 1 ounce av.; hydrogen peroxide, 1 fluid oz.; Acetic acid, 1 fluid dram.

Freckles usually appear on delicate skins, and this fact makes the problem of their removal more difficult, for anything strong enough to bleach the skin makes it more susceptible. Protection therefore is the most necessary part of the treatment.

Another excellent remedy for freckles is buttermilk. Bathe the face frequently with buttermilk, whether you have freckles or not. It is softening and bleaches the skin without causing the slightest irritation.

The sunshade is an invaluable protection to a tender skin and I advise you to carry one of green silk whenever you are exposed to the sun. Never go for a stroll after the sun bath unless you carry a parasol.

As an extra precaution "mask" the face with cold cream and powder before braving the burning light. This mask is not as conspicuous as it may sound. Simply rub the face well with cold cream and remove all the superfluous grease with a soft towel. Then dust the face with a harmless face powder, allowing as much to remain on the skin as you care without its being noticeable. Thus protected the sunlight can do little harm to the skin.

When you go sailing or fishing, wear a broad brim hat to protect the face and neck from sunburn, for with the light reflected by the water it is next to impossible to keep from sunburning. In case your skin is burned, immediately apply this cream, whose healing qualities make it indispensable.

Paraffin wax, 1-4 ounce; white petroleum, 2 1-2 ounces; Lanolin, 1 ounce; boiled water, 1 1-2 ounces; oil of roses, 3 drops; alcohol 1-2 dram.

Electrically-driven machines with which stamps can be attached to letters and packages at a rate of 400 a minute are being tested by the German postal authorities.

Society

The following composed a gathering who after swimming in the creek below the water works dam, roasted "wienies" on top of the hill near the reservoir: Misses Ruth Hart, Elsie Milbaugh, Cecil Crozier, Carmen Crozier, Zelma Halsey, Mollie Soley, and Helen Heim; Messrs. Neil Caldwell, Ebermet Stockdale, George Wolfe, Irwin Huggins, Seari Nethers, Raymond Crammer, and Edgar Albright.

Honoring Miss Larie Swartz, who is to leave for an indefinite trip through the western and northwestern states, the following young ladies of the Wehrle company office, delightfully entertained with a dinner party Saturday evening at the First Presbyterian church: Misses Ethylle Edwards, Mary Niemeth, Louise Reichert, Alice Conley, May E. Moore, Margaret Stoepler, Gertrude Roll, Freda Nye, Hannah Mager, Violet Thorp, Alice Callahan, Hester George, Nora Babcock, Winifred Grady, Julia McCandlish, Pauline McCandlish, Nora Conley, Ann Bowman, Helen Ginter, Georgia Abbaugh, Elizabeth Hartery, Magalene Reichert, Ida Gleason.

Miss Mary Rosebraugh, daughter of Mrs. Albert Rosebraugh, entertained with a party Saturday afternoon at her home in Buena Vista street, honoring Miss Nancy Speer of St. Clemens, Mich., who is the guest of her grandparents, Dr. and Mrs. A. T. Speer in East Church street. The afternoon was spent in games, and refreshments were served at six o'clock.

Those present were Misses Elizabeth and Mary Killeb, Mary Parmelee, Virginia Miller, Adelia Baker, Virginia Brown, Mary Hamill, Margaret Buell, Mary Gillespie, Florence Thompson, Mabel Walker, and Mildred Seward.

Major D. P. Cordray will entertain with a dinner party Thursday at Moundbuilders' Country club.

The tableaux scheduled for this evening at Moundbuilders' Country club, have been postponed indefinitely.

Miss Bonnylyn Kellenberger and Mr. Wilbur Walt were united in marriage at the parsonage of the First M. E. church, Monday morning at 10 o'clock, the Rev. L. C. Sparks officiating.

The only attendants were Miss Mabelle Kellenberger, sister of the bride and Mr. Karl Shukley, of Columbus, classmate of the bridegroom.

After the ceremony a delicious luncheon was served at the home of the bride. The rooms were beautifully decorated with ferns and great bunches of pink and white gladiolus.

The bride was becomingly attired in a gown of gray faille silk, with hat to match, both being attractively trimmed in coral shades. The bridesmaid was attractive in a white lingerie frock, and black mahlne hat, with paradise trimming.

The bride is the attractive 19-year-old daughter of Mr. and Mrs. Francis Kellenberger of South Fifth street, and the bridegroom is the only son of Mr. and Mrs. William Walt of Columbus.

The bridegroom is a graduate of Ohio State University, now being a promising young business man.

They left Monday evening for Columbus, where they will begin housekeeping in their attractive furnished bungalow at 317 North Hudson street.

Mrs. Jane E. Horton was pleasantly surprised Sunday by a number of her relatives and friends at her home in the Cherry Vale addition near the Country club. A fine dinner was served under a tent erected in the yard and the time was pleasantly spent in music and social diversions. The affair was in honor of Mrs. Horton's natal anniversary.

Those present were County Clerk Bert O. Horton and family, Mr. and Mrs. George E. Horton and family

Our Boys and Girls

Scientists say sugar is a very good food for children if it is properly eaten. The trouble with a great deal of candy is not with the sugar it contains, but with other harmful ingredients. Another trouble is that too much candy is eaten at a time, and that it is eaten at the wrong time—between meals.

The best candy for children consists of a little pure chocolate or sweet chocolate tablets—or pure sugar, as in a lump of sugar or pure rock candy or barley sugar. Only a little of this should be eaten at a time and preferably it should be eaten after meals so that it will not spoil the natural appetite for other things.

Children should always be taught not to twist or ring the nose when using the handkerchief. This habit is often the cause of misshapen noses. Rough handling is also apt to enlarge the nose and make it red. The redness can in some cases be reduced by bathing the nose twice daily with witch hazel.

When baby is teething make bibs for her by cutting dress shields in two and covering each half with soft material. These protect her dresses and are as easy to launder as any other bibs.

Everyday Etiquette

"Would it be proper to call on a friend while she is visiting someone with whom I am not acquainted?" inquired Mabel.

"It would be quite proper to call on your friend who is visiting someone with whom you are not acquainted. You should ask for the hostess also and should leave a card with her," answered her aunt.

The Courts

Joint Bridge Inspection.
The Licking county commissioners met with the Knox county commissioners today and are inspecting a number of joint county line bridges. The inspection will result in a number of repairs being made.

Dismissed Cases.
The cases of the state of Ohio vs. Henry Etnier and Bessie Etnier, the latter a sister-in-law of the former, charged with assault, were dismissed by Justice Fletcher S. Scott this afternoon. Each are to pay their own costs.

Real Estate Transfers.
State of Ohio to the Newark Suburban Realty Co., strip of canal land 1300 feet in length in Madison tp., \$500.

William Hulshizer, et al. to Leroy P. Evans, 45 1-2 acres in Washington tp., \$1, etc.

Rev. W. Watson to Olive Hughes, inlot 4106 in A. H. Halsey's addition, \$1600.

Charles F. Krause to Laura McFarland, 135 acres in Union tp., \$1, etc.

Julia S. Webb, et al. to the H. D. Munson Sons Music Co., lots 7-8 in Fleek's addition, \$1, etc.

The Newark Suburban Realty Co. to Louisa Morrison, lots 14-15 in Madison Heights addition, \$1, etc.

Justice Jones' Court.
C. O. Harris of south of this city, who was charged with assault and obstructing the highway by a tourist passing through the county, was fined \$10 and costs by Justice D. M. Jones, who also gave the defendant some advice regarding the road laws and the right of other drivers. Justice Jones stated that as it was the first offense reported to his court he would make the fine light, but warned the defendant that a repetition of the occurrence would mean a heavier fine.

The Sick

Mrs. Mont M. Miller, who has been very ill since May 30th, at her home 1608 Burdette street, Omaha, was Friday taken with a relapse and is in a serious condition.

HOMER

Preaching at the Baptist church next Sunday at 10:45 a. m. Sunday school at 9:30, prayer meeting at 8:00 p. m. evening. Teaching at the M. E. church next Sunday evening at 8 p. m.; Sunday school at 9:30 p. m.; prayer meeting Wednesday evening.

Rev. Mr. Moorehouse and wife called on Mr. and Mrs. A. L. Tolton and family Friday evening.

Mr. and Mrs. Jesse Sellers and two children are visiting the former's uncle, Mr. and Mrs. Frank Yost, near Magnolia Springs.

Dr. Coleman and wife, Mr. and Mrs. Harry Mallard spent Saturday afternoon in Newark.

Miss Virginia Strohman of Newark is visiting her aunt, Mrs. J. H. Harris.

Miss Hattie Tipper of Cleveland, O., was called home by the death of her brother-in-law, Harry Hoover, of Akron. Funeral services were held at the home Sunday at 2 p. m. Interment in the Homer cemetery.

Miss Moorehouse of New Logan is visiting her parents, Rev. Mr. and Mrs. Moorehouse.

Mrs. Vern Topp of Mt. Vernon, visited her parents, Mr. and Mrs. Chas. Snare, last week.

Mr. and Mrs. Roy Stouffton of Westerville, were the guests of Miss Mary Vance last Wednesday.

Granville

(Special to The Advocate)
Granville, July 26.—An enthusiastic meeting of citizens who wished to be enrolled in the new organization for boosting Granville, was held on Monday evening, July 24, in the Municipal building, and a spirit of harmony prevailed throughout the evening. The president, Postmaster George W. Austin, in the chair and the secretary, ex-Postmaster L. A. Austin, at the desk. Seventy-seven charter members were signed, which seems pretty good for a beginning, though the membership is not going to stop at that. The matter of a name was decided by ballot and, as many names were submitted, the list as read by Mr. Austin, was a long and interesting one. The alliterative title of the "Greater Granville Association," was finally chosen as being suggestive and pleasing, and moreover as entirely covering the ground. To Mrs. Charles Deeds belongs the honor of naming the organization which is going to do great things for the Granville of the new era of prosperity, of this second century of her existence.

A resolution was presented by Prof. K. H. Eschman, director of Denison Conservatory, and adopted, as follows:

"Resolved, that this organization permit the Granville Lecture Course to schedule the annual Musical Festival on a Saturday, if necessary, and further that such action (co-operation or individual) be taken at a future date, as best to serve the interests of all concerned."

Prof. Eschman argues that as this May Festival will bring an increasingly great number of visitors to Granville each year, all should co-operate in making it the great success it is capable of being—even if co-operation should call for the closing of the business houses during the hour of performance, as was done some six or seven years ago, with great success.

A pleasant and profitable hour was spent on Monday afternoon by active members of the Travelers' club, who on invitation of the president, Mrs. M. E. Stickney, met Senor Asensio in the parlors of the Baptist church for a lesson in pronunciation of the Spanish names and phrases to be encountered in the coming year's study of South America. In a single lesson, even so thorough and successful an instructor as the West Point professor, could scarcely hope to develop fluent conversationalists, but he was able to lay down certain fundamentals in such a way as to make it possible, by the use of "notes," to recognize the individual peculiarities of the Spanish vowels and the elusive quality of certain of its consonants, wherever in future they may be met. The courtesy of Senor Asensio in thus devoting an hour and a half of his time on a hot afternoon to something outside his own full schedule, is highly appreciated by the whole club as well as by the members present.

"Terpsichore" has been the favorite muse of the younger set this summer and last evening Chi Psi Delta paid her due respect by an informal but most delightful dance in the sorority house at the corner of College and Mulberry streets.

Mr. Harold Ackley, traveling for a steel company in Cleveland, formerly a resident of Granville was in the village today.

Mrs. Herbert Clark of Chataanooga, who, with her little daughter, has been visiting at the home of her mother, Mrs. Mary Vance in West Broadway, left Granville yesterday afternoon.

Mrs. Clarence Eddy of Zanesville, with her two children, will spend the coming month at the home of her parents, Rev. and Mrs. C. K. Harford.

Rev. and Mrs. C. E. Staunton are spending several days at the Ohio Baptist Assembly near Franklin.

Dr. and Mrs. L. E. Davis who accompanied Mr. Arthur Meyers in his touring car to Wheeling, W. Va., where they spent the week-end have returned to their home in West Elm street.

The men's class of the Presbyterian church have successfully engineered the big church picnic which is being held today on the Stanley Deeds farm, six miles south of Granville. About thirty automobiles were kept busy early this morning conveying the crowds of children and grown people to the country, and making several trips each, to get the assembled company comfortably to the destination. Well filled baskets furnished the splendid dinner and many sports have engaged the enthusiastic attention of the young people.

The condition of Prof. A. M. Brumback, who has been quite ill at his home in North Pearl street, for the past fortnight, continues practically unchanged. A trained nurse is installed in the sick room and inquiries over the phone should be made over the Hillman wire, two rings or 23. Prof. Brumback spent a restless night, but his temperature was not quite so high.

Franklin Hobart, son of Mr. and Mrs. Charles Hobart of Pennsylvania, who has been visiting his grandparents, Mr. and Mrs. E. F. Hobart in Centerville street, has accepted a position with the Akron Electric Light and Power Company, and will soon depart for that city.

Dr. Herbert G. Dorsey, who with his wife and son, is spending his vacation with his parents, Mr. and Mrs. E. J. Dorsey of Broadway, left last evening on a business trip to New York and New England.

To Put An End to All Superfluous Hair

Specialist's Advice To Ladies

A simple, inexpensive treatment has just been found which never fails to remove all traces of superfluous hair absolutely without pain or injury. A well-known society woman found that it entirely destroyed all trace of her own unightly hair-growth so that they never returned. It is called Mrs. Owens' Wonder. If you wish quick results get it from T. J. Evans or any up-to-date druggist. Signed Money-Back Guarantee with every package.

Don't Suffer Longer

and allow yourself to become grouchy, upset, nervous and depressed. These conditions usually indicate a disordered digestive system, which, if neglected, may be hard to remedy. Remove the disturbing element and put your digestive organs in good working order by taking

BEECHAM'S PILLS

They gently stimulate the liver, act on the bowels, tone the stomach—purify the blood and regulate the system. These benefits are particularly marked by women at such times when nature makes special demands upon their vitality. They act promptly and safely.

None So Deaf As Those Who Will Not Hear

"Not one word, if you please—not one word will I listen to against coffee!"

That is the attitude of many good people, even after they have reason to suspect that coffee hurts them.

True, some persons seem able for a time to use coffee without apparent harm but sooner or later it does interfere with the health and comfort of many users.

For a sure, easy test suppose you leave off coffee and use

POSTUM

This famous food-drink is made of prime wheat, roasted with a bit of whole-some molasses. It has a flavor much like that of the higher grades of mild Java coffee, but is absolutely free from the drug, caffeine, in coffee, or any other harmful substance—free from all coffee troubles.

Postum is delicious and comes in two forms. The original Postum Cereal must be boiled. Instant Postum is a soluble powder—made in the cup by adding hot water. The flavor is the same and the cost about equal. Both kinds are good for young and sold, and satisfy the craving for a hot, aromatic, meal-time beverage.

"There's a Reason" for POSTUM

Read the Want Column tonight.

It's false economy to use cheap-looking stationery. You can't go wrong if the Advocate prints it

Young people need clear complexions

If you find yourself "left out" because of a poor skin, and want a clear, fresh complexion, use

Resinol Soap

at least once a day. Wash thoroughly with a warm, creamy lather of it, then rinse the face with plenty of cold water.

It does not often take many days of such regular care with Resinol Soap to show an improvement, because the Resinol medication soothes and refreshes the skin, while the perfectly pure soap is cleansing it.

Resinol Soap and Ointment heal eczema and skin eruptions and usually stop itching before it starts.

This Hose Won't Leak

We offer you and recommend the well known Goodyear "Wingfoot" Lawn Hose because we have found that it will do all claimed for it by the manufacturer—that it is in fact the best made hose on the market. It positively will not crack, kink or leak, and will last for several seasons. There are five alternate layers of rubber and braided cotton, including the ribbed rubber cover—all welded into a solid, wear-proof, weather-proof, leak-proof unit.

Come in and inspect this hose as well as our complete new display of garden tools and light hose hardware. Our prices will interest you as well as our quality.

PROTEST

AGAINST BRITISH BLACKLIST OF AMERICAN FIRMS IS BECOMING COUNTRY-WIDE.

New York Committee Says England's Action is Unlawful, Inconsistent and Absurd.

(Associated Press Telegram)

New York, July 25.—The committee of protest formed by fifty or more New York firms and individuals on the British blacklist, widened its scope today and sought aid from merchants and bankers throughout the country. It was announced that fifty letters and telegrams offering support in the movement against the enforcement of the blacklist have been received here from prominent persons in other parts of the country.

The local committee has been organized by selecting as its secretary Leopold Zimmerman of the banking house of Zimmerman & Forsyth. In a statement made public today, Maurice B. Blumenthal, counsel for the organization said:

"In attempting to justify the conduct, England has declared through its chief of the department of foreign trade as follows:

"The test applied before putting a firm domiciled in America on the statutory list is this: Is that firm by its business operations strengthening our enemies? If so, then British firms may not support it. This test reflects an attitude that is (1) unlawful; (2) inconsistent; (3) absurd; it is unlawful because in direct conflict with those provisions of international law which recognize the right of neutral nations to trade with any belligerent power."

VIGOROUS ACTION ON BLACKLIST MAY BE TAKEN BY U. S.

(Associated Press Telegram)

Washington, July 25.—Protection of American business houses named in a commercial blacklist prepared by Great Britain is looked for in vigorous action by the United States. Early steps may be taken, it was indicated today unless satisfactory explanations come from London in reply to informal inquiries by American Ambassador Page. President Wilson has let it be known that he is deeply concerned.

Officials see complications in the reported intention of the allies to take concerted action along the lines of the British trading with the enemy act. That would increase difficulties of the business concerns and would extend diplomatic interchanges. The state department already has gathered a mass of information regarding the black list for use in whatever action it may take.

4 PARTIES HOLD CONVENTIONS IN NEBRASKA TODAY

(Associated Press Telegram)

Lincoln, Neb., July 25.—Four Nebraska political parties held state conventions today, the Republicans, Progressives and Prohibitionists in Lincoln and the Democrats at Hastings. Republican leaders, before the convention opened, predicted a harmonious meeting. Changing of the present direct primary negotiations law, with some favoring its repeal entirely and others seeking its amendment, appeared to be the chief question at issue in framing the platform.

Senator Hitchcock and William J. Bryan are in Hastings to attend the Democratic convention.

CINCINNATI BANK CLOSES ITS DOORS.

(Associated Press Telegram)

Cincinnati, July 25.—Harry T. Hall, state superintendent of banking and three accountants, today began an audit of the books of the German-American Commercial & Savings bank.

The bank closed its doors Monday and went into voluntary liquidation. Depositors awaited calmly the result of the examination by the state officials, as they are confident that they will be paid in full.

TWO KILLED IN BOILER EXPLOSION.

(Associated Press Telegram)

Lima, O., July 25.—John Howell and Isaac Bodkin, died at the City Hospital here today, as the result of a boiler explosion in the general power plant of the Western Ohio railway at St. Marys, last night. Another injured man is still living.

Magical Usit

Now all you ladies who suffer (yes, suffer, for you do) from unsightly wrinkles can drive them away forever. Usit, the pure nut-oil skin food, the "Arab's Secret," a preparation used by famous Eastern beauties for centuries can be purchased at any first-class drug store. This wonderful preparation (not a face cream), is positively guaranteed to clear the complexion of all wrinkles, whether caused by age, worry, work or exposure. Rub it into the skin with the finger tips at night just before retiring, and in a short time every wrinkle will disappear, your hungry, faded skin will get back its healthy color, its well nourished smoothness, and the lines in your face will be replaced by youthful roundness. No other treatment is necessary.

Usit is well named the "Wrinkle Chaser" for no wrinkles can exist where it is used. It is guaranteed to contain nothing that will cause hair growth.

Go to your druggist today and get a bottle of Usit for 50 cents. Try it tonight and see how fine your face feels in the morning. But remember Usit is put up only in opal bottles. Take nothing else.

The most painful cases of sunburn are relieved by Usit. For sale by T. J. Evans, Erman's Original Cut Rate Drug Store and dealers everywhere.

"BILIOUS ATTACKS NEARLY KILLED ME"

Mrs. Hawkins Says She Could Hardly Walk Across the Floor. Is Now Well.

"I have suffered with liver trouble for a long time," declares Mrs. Margaret Hawkins in a signed statement. "I have doctored and doctored and have taken medicine after medicine with no benefit. Instead of getting better I steadily grew worse. I was sure to have a bilious attack about once a week which would be so severe that I would have to go to bed. At these times I never could do anything, still I would raise large quantities of dark green stuff all day long, while the strain on my body from this nearly killed me. I grew so weak that I could hardly walk across the floor and I was afraid to lift even a tea-cup. Many a day my neighbors came in and did up my housework. Then it began to effect my eyes so badly that I thought I was going blind. I certainly was in a terrible condition."

"One day a friend who had taken Native-Roots and had found great relief, recommended it to me. I now have taken two bottles and I am nearly a new woman. This morning I ate the first full meal I have eaten in weeks, and I am ever so much stronger in every way, while I have not had a bilious attack since I began to take Native-Roots. It must be the Double Strength in Native-Roots that does the work."

Extract of Native-Roots (double strength) seems to be just the proper medicine for most cases of liver, stomach, kidney and bowel disorders. The fact that it is made in double strength form purely from extracts of roots, herbs, barks, leaves and berries is what gives it those powerful yet harmless virtues so well spoken of by hundreds of men and women of this city.

Extract of Native-Roots (double strength) can be bought in Newark only at Erman's Arcade Drug Store.

Tan, Red or Freckled Skin Is Easily Shed

To free your summer-soiled skin of muddiness, freckles, blotches or tan, the best thing to do is to free yourself of the skin itself. This is easily accomplished by the use of ordinary methylated wax, which can be had at any drug store. Use it at night as you use soap, washing, leaving it on the morning. Immediately the offending surface skin begins to come off in fine powder-like particles. Gradually the entire cuticle is absorbed, without pain or inconvenience. The second layer of skin now in evidence presents a spotless whiteness and sparkling beauty obtainable in no other way.

If the heat tends to loosen and wrinkle your skin, there's an effective and harmless remedy. You can readily make at home. Just put an ounce of powdered salicylate dissolve in a half-pint of water and bathe your face in the liquid. This at once tightens the skin and smooths out the lines, making you look years younger.

Cocoon Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain multifid cocoon oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoons will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get multifid cocoon oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Amusements

The Auditorium.

For the production of "The Spell of the Yukon," the new Metro five act feature picture, based upon the poem of the same name by Robert W. Service and produced by Popular Plays and Players under the direction of Burton King, an entire Alaskan village was built and set up in the snowy wastes of northern Canada. The work was done under the direction of Jacques Suzanne, owner and trainer of the dog teams used in this splendid representation of life in the regions under the Pole.

Mr. Breese revels in the sort of outdoor life shown in the typical Alaskan scenes called for in the story, and Suzanne pays him the compliment of saying he is the best amateur handler of a dog team ever seen south of Nome. "The Spell of the Yukon" will be shown at the Auditorium today for the last time. This feature is seen together with the eighth chapter of Gloria's Romance.

Tomorrow Manager Fenberg positively promises William Farnum in the five reel Fox feature, "The Man From Bitter Roots," and as an extra added feature the patrons will have a Metro Brew comedy and travelogue thrown in. It is a known fact that during the summer months most managers cheapen or cut down expenses, not so with Fenberg for he has added on to the cost of his program since taking hold.

Alhambra Wednesday and Thursday. "Mimi," based on a story of the Latin quarter of Paris, and a true depiction of the life of the Bohemians, based on Henri Murger's celebrated book, "La Vie de Boheme," will be the attraction coming to the Alhambra theater on Wednesday and Thursday, with Alice Brady playing the star role.

TO FILE BRIEF FOR DISMISSAL EVERETT'S SUIT

(Associated Press Telegram)

Columbus, July 25.—This week United States Attorney Bolin will file with the Federal Judge Sater a brief asking that the suit of \$72,000 filed against Revenue Collector Williamson, by Edward H. Everett, Newark manufacturer, who claims he was over-taxed, be thrown out. Williamson contends that Everett made a wrong return of his taxes, to the extent of \$72,000 which he transferred his holding in the Everett company to himself as an individual. Everett contends he had a right to do this, and that in so doing did not add to his wealth.

VILLAGE MARSHAL SENTENCED TODAY TO PENITENTIARY

(Associated Press Telegram)

Medina, O., July 25.—Henry L. Blakeslee, village marshal, was sentenced to the penitentiary today by Judge W. J. Ahern of Akron for manslaughter, following his conviction by a jury for manslaughter in the killing of Night Watchman John H. Gates, April 18, last. The conviction carries an indeterminate sentence of one to twenty years. The court recommended that Blakeslee serve five years.

NEW BETHEL

Sunday school Sunday morning at 10 o'clock, followed by preaching at 11 o'clock. Young Peoples C. E. at 7:30; topic, "How missions are blessing our Nation." (Luke 19:41-43.) Letha Grandstaff, leader; followed by preaching service. H. D. Wickens, pastor.

There will be an ice cream social at the New Bethel church Thursday evening, July 27. Everybody cordially invited.

Mrs. J. M. Welch visited from Saturday until Monday with her sister, Mrs. Victoria Mann at Central College.

Several from this place attended the ice cream social at School Land, Saturday evening.

Mrs. J. W. Grandstaff and the Misses Letha Grandstaff and Nora Sheets spent Thursday with Mrs. J. M. Welch and daughter Ollie.

Mr. S. A. Grandstaff, who has been confined to his home for the past eight months, is slowly improving. He, together with Miss Grandstaff have been visiting relatives in Croton and Appleton the past week.

Miss Madge Sanford and little sister Catherine visited from Wednesday until Sunday with their grandparents, Mr. and Mrs. Charles Sanford, at Johnston.

Mr. and Mrs. E. J. Debolt and Mr. and Mrs. Eliza Debolt spent Sunday with Mr. and Mrs. Lou Higgins.

Miss Agnes Bailey spent Sunday with Miss Letha Grandstaff.

Mr. Mattie Smith and brother Wilbert spent Saturday and Sunday with relatives in Columbus and Westerville.

Miss Nora Sheets returned to her home south of Croton Saturday afternoon spending the past week with Miss Letha Grandstaff.

Mr. and Mrs. Hardin Barcus and family, Mr. and Mrs. Howard Sanford of this place, and Mrs. Charles Hulse and son of Vans Valley spent Sunday with their parents, Mr. and Mrs. J. W. Grandstaff.

Mr. and Mrs. A. B. Cross and sons Clyde and Forest, William Feasel and Truman Grandstaff spent Sunday with Mr. and Mrs. Fred Glaze.

CORONER PROBES UNKNOWN'S DEATH.

(Associated Press Telegram)

Toledo, July 25.—Circumstances attending the death of an unidentified man whose body was found late yesterday on the W. C. Burkhardt farm, east of the city, are being investigated by Coroner Charles J. Henzler. The body was covered with bruises and near it an empty pocketbook was found. It was discovered by Burkhardt when he went into the field to cut wheat. The man was, apparently about 40 years old and fairly well dressed.

AN OLD PROVERB.

It used to be proverbial that every man (and it is equally no less true of woman) is either a fool or a physician at forty. This means that every intelligent person must learn so much about caring for his own health that by the time he is forty years of age he can almost be reckoned as a physician.

Why, then, is there so much talk by doctors against "self-medication"? A woman can recognize all ordinary ailments without calling on a doctor. If they are ailments distinctive to her sex she generally knows enough to use that greatest of all remedies for such ailments, Lydia E. Pinkham's Vegetable Compound, and likewise she is familiar with the standard remedies for other diseases.

Look Good—Feel Good

No one can either feel good nor look good while suffering from constipation. Get rid of that tired, draggy, lifeless feeling by a treatment of Dr. King's New Life Pills. Buy a box to-day, take one or two pills to-night. In the morning that stuffed, dull feeling is gone and you feel better at once, 25c at your druggist.

COLUMBUS, OHIO

ZOMBRO CLAY PAYS \$182 ON \$2 MUTUELS

HORSE TRAINED HERE WAS SURPRISE IN DETROIT GRAND CIRCUIT.

Entries in 217 Pace So Numerous That Race in Divided Into Two Divisions.

DETROIT, July 25.—With weather conditions ideal and the track in good shape, the Detroit Grand Circuit meet took place at the Michigan State fair grounds yesterday. Fair time and close finishes ruled throughout the day's card.

Under the every-hunt-a-race-plan, three seats are the limit in each class, excepting the cult events. The purse is divided into three equal parts and apportioned in each heat, 50, 25 and 25 per cent. The horse standing best in the final summary is declared winner of the event.

Entries in the 217 pace were so numerous that it was necessary to divide the field and make two races of it. In the first division of this event, Zombro Clay took three straight heats with little trouble although Deputy Sheriff led up a game fight for the first heat. Zombro took the lead in the second heat easy and won shoulders ahead of Deputy Sheriff. He was never in danger in the final mile. The two-dollar purse-mutuels paid \$4.50 on Zombro in the first heat.

The title that went to Director Todd, who won the third heat after landing second in the first two. The second and third heats provided the best contests of the day. After finishing fifth in the first mile, Zombro took the second in a thrilling finish with Director Todd in the best time of the day, 2:08.4.

Director Todd won the final mile by little more than a nose. The first heat went to McCluskey in a driving finish.

Gilbert Patch, son of Dan Patch, won the second division of the 217 pace in three straight heats. Miss Rejected contested the second and third heats, and Gilbert Patch was a little stronger at the finish.

Zombro Clay, an outsider, owned by the Stinson of Newark, O., and paying \$2500 on the two-dollar mutuels in the first heat, won the race. He took the first mile easily and the second in a close finish with Edward Alleton. The race went the final heat with little trouble, the field being strong out all the way around.

The \$1000 board of Commerce stake for the 217 paces, is the future event on today's card. Summary:

217 pace, first division, purse \$1200, three heats, 2:08.4, 2:09.1, 2:08.4.

Heat 1, 2:08.4, 2:09.1, 2:08.4.
Zombro Clay, b. h. by Great Heart, 1 1 1
Deputy Sheriff, b. g. (Thomas), 2 2 2
Prescolite, b. g. (McDonald), 3 3 3
Joe H. B. m. (Brown), 4 4 4

Heat 2, 2:09.1, 2:08.4, 2:08.4.
Other starters were: Rose Direct, McCluskey, Zombro Clay, Billy Direct, Miss Rejected, and Young Todd.

Theresa, b. m. (Cox), 1 1 1
Other starters were: Blackburn Watts, Miss Denver, Helen Worth, Dr. Buckle, Dumps Watts, Bingen, Josie B.

Time—2:09.1, 2:08.4, 2:08.4.

COLUMBUS CLUB IS ON MARKET: PRICE IS RIGHT.

Columbus, O., July 25.—Secretary Robert Quinn for the Columbus American Association baseball club, left yesterday for a trip through the east in an effort to effect a sale of the controlling interest in the local club. No announcement was made as to his final destination, but it is understood that he will endeavor to interest owners of the New York Americans in the purchase of the club. President Schenck, who owns the controlling interest, is willing to make the price right if assurance is given that Columbus will not lose the club. In the past the club has made some money.

FAVORITES FAIL TO WIN EVENTS IN LUNA RACES.

Lima, July 25.—Surprises were in store for the lovers of harness races yesterday in Lima's driving park in the opening day of the four days' meet. Favorite did not win as was expected. Billy Arlington, in the 218 pace, was the surprise, taking the last three heats after seemingly being out of the running as a winner. Thus, the Lima House Stake, was really the big feature of the afternoon.

COACH LITTECK OF OHIO WESLEYAN IS ON HONEYMOON.

Coville B. Littick, a graduate of the Zanesville high school, was married last Thursday to Miss Anne Holmiller of New Carlisle, O. The newly-married couple are spending their honeymoon at Cleveland and other lake cities and resorts.

The bride is a very charming young woman and the groom, who is a graduate of Ohio Wesleyan university, and an athlete of some note, has been very successful as a coach of college athletes.

SMITH MAY MANAGE COLUMBUS A. A. TEAM.

Wheeling, W. Va., July 25.—It is reported here that Harry Smith, who resigned as manager of the local Central league club, may be appointed manager of the Columbus club of the American Association, to succeed Rudy Hulswitt, who resigned a week ago.

ROBINSON WINS W. VA. PRIMARY

Wheeling, W. Va., July 25.—Judge Ira E. Robinson received the Republican gubernatorial nomination at the primary election on June 6 by a majority of 589 over Attorney General A. A. Lilly, according to official returns.

Judge Robinson received 59,876. Lilly 58,284. The announcement of the official count was made last night after Attorney General Lilly in a statement announced that he had withdrawn all contests and conceded his defeat.

BOLT FROM CLEAR SKY SPLITS SKULL OF ZANESVILLE MAN

Zanesville, July 25.—Valley Dickerson, aged 40, farmer, was killed yesterday, while at work in a hay field, by a bolt of lightning which came from a clear sky with the sun shining. His head was split open by the bolt. There was no storm within 20 miles of Dickerson's farm.

IF YOU are troubled with dandruff, itching scalp, and your hair coming out, we ask you to try

W. A. ERMANN'S ARCADE DRUG STORE

Should Sloan's Liniment Go Along? Of course it should. For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in the shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp out without Sloan's Liniment." Writes one vacationist: "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets.

Careful Eyes Require Care.

Clear eyes can redeem almost any face which lacks the feature of beauty. Take care of your eyes. Wear eye-glasses and look yourself up in the eyes. Are the pupils shining, the iris of a clear blue-white? If not, there is something wrong and the eyes require immediate attention.

It is essential to eye beauty when the eyes lose their luster and the whites become inflamed or of a yellow cast the health is impaired, and a physician should be consulted at once.

Remembered that the eyes are most delicately constructed and must be treated with the greatest care. Eye strain robs them of their brilliancy, so you must not bend for hours over fine needlework, stitching away without a thought of the tired eyes. Nor must you read newspapers or books when you are traveling.

You may find it necessary to protect your eyes from the glaring sunshine, particularly if you spend your vacations at the seashore. Wear smoked glasses or carry a green sunshade when you are exposed to the sunlight, and in this manner keep the eyes from burning and becoming inflamed.

MAZDA THEATRE OPENS SATURDAY WITH A FEATURE

Harold Brennan, proprietor of the Electric Shop in North Fourth street has purchased the Mazda theater in West Main street and will open it Saturday afternoon with a feature film. The theater had been purchased by Mr. Mandel Brashear and he had intended opening it to the public also but Mr. Brennan offered him inducements to part with the lease which the former accepted and Mr. Brashear will remain with the Rutledge Bros. clothing store.

The Mazda is being renovated and redecorated ready for the opening. A change will also be made in the front of the theater and it too will be redecorated. The new proprietor is one of the city's best known young men and a hustler and he will undoubtedly build up a good patronage for the Mazda.

Miss Marguerite Brown has been engaged as treasurer and ticket seller. Miss Brown is not a novice in the movie world, having served as treasurer of several of the leading picture theaters of the city, and al- ways giving the best of satisfaction. She has made many warm friends among the movie fans and has a pleasing personality that has assisted in building up the clientele of the theater, with which she has been identified. Mr. Brennan was fortunate in securing her services.

Did it ever occur to you that every movie actress you have seen has lovely hair, while the most popular count their curls as their chief beauty? In fact, this is a secret many are leading ladies just because of their attractive locks. Inquiry among them discloses the fact that they bring out all the natural beauty of their hair by careful shampooing, not with any soap or shampoo, but with a simple mixture which they make up for themselves by putting a teaspoonful of cantarox, which they get from the druggist, in a cup of hot water and applying this instead of soap. After its use their hair dries rapidly, with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. The hair is so fluffy that it looks much heavier than it is. Its lustre and softness is delightful, while the stimulated scalp gains the health which insures hair growth.

Movie Actresses and Their Hair

Did it ever occur to you that every movie actress you have seen has lovely hair, while the most popular count their curls as their chief beauty? In fact, this is a secret many are leading ladies just because of their attractive locks. Inquiry among them discloses the fact that they bring out all the natural beauty of their hair by careful shampooing, not with any soap or shampoo, but with a simple mixture which they make up for themselves by putting a teaspoonful of cantarox, which they get from the druggist, in a cup of hot water and applying this instead of soap. After its use their hair dries rapidly, with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. The hair is so fluffy that it looks much heavier than it is. Its lustre and softness is delightful, while the stimulated scalp gains the health which insures hair growth.

PISTOL FIGHT IN WHICH POLICEMAN AND PORTER DIED

(Associated Press Telegram)
Spartan, Wash., July 27.—Police Sergeant W. A. Weedin and J. Hiro, a Japanese porter, employed in a drug store, owned by Louis Billingslee, were killed and Robert Riley, police chauffeur, was dangerously wounded today in a pistol fight between the policeman and Hiro. The shooting occurred in front of Billingslee's warehouse which had been the scene of a liquor raid late yesterday.

Hiro, shortly before he died, told Chief of Police Buckingham he thought the policeman were robbers. John W. Weedin, the dead policeman, was 36 years old and the father of nine children.

MOTORCYCLE TOUR.

Mr. Harry Melvin and son from Yonkers, N. Y., are visiting at the home of his mother, Mrs. A. J. Moore on Cambria street, they having come through from Yonkers, N. Y., on a motorcycle and did not have the slightest accident, not even a puncture, coming by way of Niagara Falls and through Canada. They will return after a short visit via Wheeling, Baltimore and Washington.

Mr. Melvin was formerly a Newark boy, and has been located in Yonkers, N. Y., where he has a fine position.

Jurisdiction of Russian Consul Greatly Enlarged

(Associated Press Telegram)
Pittsburgh, July 25.—George Tchibrikov, Russian consul stationed here, has been notified that his jurisdiction has been enlarged so as to include Pennsylvania, West Virginia, Ohio, Tennessee, Maryland, Kentucky and the District of Columbia. Previous to the consolidation, consuls were also stationed in Philadelphia and Baltimore, Md.

Women and girls now outnumber the men in the British isles by 2, 100,000.

ADVOCATE NAMED AMONG 400 PAPERS IN SELLING CENTERS

In the current number of The Editor and Publisher (New York) appears a double-page announcement over the name of The New York Globe, Jason Rogers, publisher, giving a "list of 400 daily newspapers, which fairly cover all the principal selling centers of the United States! The list is arranged alphabetically by states and towns showing the population of cities, names of dominant newspapers, circulation statements, etc. Under Ohio the names of 25 newspapers are given. In Akron it is the Beacon Journal, Cincinnati, the Times Star and Enquirer, Cleveland, the Plain Dealer, Columbus, the Dispatch, Mansfield, the News, Marion, the Star, Newark, The Advocate, Zanesville, the Times Recorder.

The list was prepared by experts and was published for the use of advertisers and to indicate breadth and scope of a national advertising campaign in the newspapers by the New York Globe. The advertisement was published at the expense of the New York Globe and without any charge to the 400 American newspapers in the list.

In Chicago the Daily News and Tribune are given as the leaders in Philadelphia, the Bulletin and Record, in Pittsburgh the Press, Chronicle and Gazette-Times. The Advocate is proud to have been chosen for representation in this list of 400 leading newspapers of the country.

The new truck is a beauty. It has a complete set of equipment found only on modern apparatuses, but the most attractive feature, as viewed by the local firemen, was the fine engine, and the splendid electrical equipment and the wiring thereof.

The local truck was at the local headquarters for several hours and local firemen were taken on a spin over the city in the new machine. Practically all the members of the city council viewed the machine, city officials being greatly interested just now, since a bond issue already has been authorized to purchase motor equipment for the New Newark station.

The Coshocton truck cost just \$2,300. It has a lifted bed with a capacity of 1,000 feet of hose. The two compartments make it possible to lay two lines of hose at one time, a great time saver in case of a big fire.

Fire Chief Tracewell stated that the new truck would be installed in a downtown station to give better protection to the business district. The railroad in Coshocton divides the town, and with one fire station there is always the danger of the rest of the city being cut off from fire protection by one freight train. The new station and the motor equipment will relieve this situation.

COSHOCTON'S NEW FIRE TRUCK HERE TUESDAY MORNING

Safety Director Sam Ashman, Fire Chief Tracewell and Fireman "Doc" Abbott of Coshocton were in the city this morning in company with a mechanical expert from the plant of the Seagraves company of Columbus, in charge of a new 6-cylinder combination hose and chemical truck, recently purchased by the Coshocton city council and to be installed in their city tomorrow.

The new truck is a beauty. It has a complete set of equipment found only on modern apparatuses, but the most attractive feature, as viewed by the local firemen, was the fine engine, and the splendid electrical equipment and the wiring thereof.

The local truck was at the local headquarters for several hours and local firemen were taken on a spin over the city in the new machine. Practically all the members of the city council viewed the machine, city officials being greatly interested just now, since a bond issue already has been authorized to purchase motor equipment for the New Newark station.

The Coshocton truck cost just \$2,300. It has a lifted bed with a capacity of 1,000 feet of hose. The two compartments make it possible to lay two lines of hose at one time, a great time saver in case of a big fire.

Fire Chief Tracewell stated that the new truck would be installed in a downtown station to give better protection to the business district. The railroad in Coshocton divides the town, and with one fire station there is always the danger of the rest of the city being cut off from fire protection by one freight train. The new station and the motor equipment will relieve this situation.

Best Home Treatment for All Hairy Growths

(The Modern Beauty.)
Every woman should have a small package of ditatone handy, for its timely use will keep the skin free from beauty-sarring hairy growths. To remove hair or fuzz, make a thick paste with some of the powdered ditatone and water. Apply to hairy surface and after 2 or 3 minutes rub off, wash the skin and it will be free from hair or blemish. To avoid disappointment, be sure you get real ditatone.

Why Endure Summer Colds?
It isn't necessary to have a stuffed head, running nose. To cough your head off as it were. All you need do is to use Dr. Bell's Pine-Tar Honey. The soothing and healing balsams open the clogged air passages and in a short time you get relief and set on the road to recovery. Your nose stops running, you cough less and you know you are getting better. Get a bottle, use as directed. Keep what is left as a cough and cold insurance.
